ECOSOFT WASHING MACHINE

WASHING BALL

Eco
friendly

Enabling half
the usage
of detergent

Easy
to use

High
Performance

Long
lasting

Cost
effective

ABOUT

BioPlus Washing ball is a scientific and environmental friendly cleaning product which will enable using half the amount of detergent used for washing clothes.

Reducing molecular size of water, ensures water molecules permeate clothing fibre easily and make besmirch loose immediately from fiber. Isolates free chlorine in water, strengthening the effects of breaching and stains.

All of this is done ensuring no loss of colour or fibers of the clothes.

APPLICATION

Put Washing ball into the washing machine with the clothes.

Use detergent if clothes are too dirty, you can use half the amount of normal usage

Use one ball upto 5kg load of washing machine, 2 balls upto 10kg load.

Put the Washing Ball under the sun for air-cure regularly (once a month - refer to the user manual for the same).
